Re: Los Olivos Community Services District Two-Year Time Extension

Dear Mr. Savage:

This letter is intended to inform you the time extension to carry out an assessment under proposition 218 to fund the construction and operation of the wastewater treatment system has been extended for a period of two-years. The two-year time extension was approved by LAFCO on April 3, 2025. I have included the following conditions for your records. This extension shall be until April 5, 2027 or, if the Commission does not have a regularly scheduled hearing on that date, the next regularly scheduled Commission hearing after that date. The time extension included the following requirements:

- a) The District shall continue filing quarterly written reports with the Executive Officer on progress it has made on pursuing the project. As deemed appropriate, the Executive Officer will schedule Commission hearings to review and comment on such progress reports.
- b) The District shall develop and provide an assessment process implementation schedule demonstrating completion within the extension period. Please provide a schedule within the next 6-months.

LAFCO looks forward to the District completing the proposition 218 process. The next quarterly status update may be scheduled for September 2025. Please feel free to contact me at 805-568-3391 if you have any questions.

Sincerely,

Mike Prater
Executive Officer

CC: LOCS D Board President
